

SETTLING IN RESEARCH PROJECT

Are you an organisation working with migrant women who have arrived in the UK in the last 10 years, as a spouse or partner of a British national or a person with Indefinite Leave to Remain (ILR)?

Are you based in London, Oxford, Slough, Guildford, Maidstone, Brighton, Southampton or High Wycombe?

YES?

Then we would like to hear from you and your service users!

What we can offer →

eaVES
putting women first

WE WILL:

- reimburse travel expenses (if receipt is provided)
- provide crèche facilities
- provide refreshments
- give service users a £10 gift voucher to thank them for their time

Eaves (an organisation working on women's rights) is currently conducting research into the challenges and needs for integration of third country national women (i.e. women from non-EU countries) who come to the UK as a spouse or partner of a UK national or a person with Indefinite Leave to Remain (ILR).

We would like the research findings to mainly draw from the real life experience of women and those supporting them. We believe this will enable policy makers, local authorities and service providers to introduce and implement programmes and schemes which address the specific needs for integration of this group of migrant women.
